An Apartment Is the Best City Home
The Best Way to Acquire An Apartment Is On

THE WALKER PLAN

CITY CONVENIENCES
WITH
OUT-OF-DOOR COMFORTS

Nearly a Million Dollars—

—worth of apartments have already been sold under THE WALKER PLAN. The purchasers of these apartments are our best advertisers—they are thoroughly satisfied with their investment in every way. Indeed, many purchasers of apartments under THE WALKER PLAN have been offered increased prices if they would re-sell their apartment. Others—while we do not encourage the practice of buying in order to sub-let—have, with the consent of the Board of Directors, rented their apartment at a figure that amply takes care of their monthly payment and gradually makes up their initial deposit. No better investment can be found than an Allan E. Walker Apartment.

We Are Now Selling Apartments on the WALKER PLAN

—in such splendid apartment buildings as THE AVONDALE, at 1734 P street, and THE ADELPHIA, at 1427 Chapin street. Both of these apartments are located in exceptionally desirable residential neighborhoods. Beautiful DUPONT CIRCLE offers an attractive playground for the owners of apartments in the Avondale, as this building is within two blocks of this beauty spot. Apartments in both buildings range in size from three to six rooms with one and two baths. They are all sold on a most reasonable cash payment and on terms, as low, in many instances less, than are now paid for smaller apartments in less desirable neighborhoods. A unique architectural variety of design in these apartments makes it possible to satisfy almost any taste. Allan E. Walker apartments are always located within easy access of every necessary convenience of city life, such as street cars, schools, churches, stores and theaters.
